

## How to create you own 3Dream 360VR Experiences

### Step 1: After designing your 3Dream scene

- Position Yourself
  - Go 'Full Screen'
  - Level The Camera
  - Clear Selections
- Navigate to the center of the desired scene
  - Click on the "Grid" icon (in planner window)
  - Click on "Standing icon" (above planner window)
  - Click "Esc" top left on your keyboard

### Step 2: Create a 360VR of your design

- Click 360VR Icon
  - Let It Create
  - Name Your VR
  - Copy The Link
- The 360VR icon is at the top of your planner window (beside the camera)
  - Give the scene a few seconds to create the 360 rendering
  - Name your 360VR scene and press the "OK" button
  - Once your scene is named copy the URL provided
